

March 2023
In This Edition:
2022: the numbers tell the story

God is moving in Maroua!

These church leaders represent 400 churches in the Far North region of Cameroon. Through our partnership with Patrice and ATNA, God is moving them to lead their people to become disciple-makers among their Muslim neighbors!

2022: the numbers tell the story

9 -- Nine years that we have been serving as missionaries in Cameroon by the grace of God and the support of his people—YOU!

12 – the number of denominations we are working with in Cameroon to mobilize their churches to multiply disciples among their Muslim neighbors!

20 – We are coaching 20 active disciple-makers through monthly meetings.

50 – Through ATNA, we engaged 50 Muslim men and women in regular Discovery Bible Studies in 2022.

75 – ATNA consulted with 75 pastors in 2022, helping them process and move forward in their vision to reach Muslims through their ministries.

110 – Together in 2022, we have influenced pastors and leaders of more than 110 Cameroonian churches to move toward a strong commitment to reach the Muslims around them in 2023.

260 – Through partnership with ATNA, we trained 260 men and women to make disciples among Muslims in 2022!

2 – We are confident that at least two Muslims left Islam to follow Jesus in 2022. Another woman came to Christ since the new year and more are very close. Some may have already made decisions, but are reluctant to “go public”.

Your partnership with us has been instrumental in all of these things. Together, we are invading the darkness and bringing people into the light!. We thank God for you! We’re deeply thankful for your prayers, your financial support, and your encouragement. We’d like to end with a special thankyou to those who gave above and beyond your regular commitments to help us close 2022 in good financial status. We thank God for His provision to us and we pray that He will multiply his blessings on you!

Finally, I’ll share three prayer requests.

Pray for Muslims. Only by God’s supernatural activity will the lost come to faith in Jesus Christ. There is huge spiritual, religious, cultural, and family opposition to Muslims leaving Islam to follow Jesus.

Pray for the leaders of ATNA and Rain Forest International School. Our partners need God’s protection and clear direction every day.

Please pray for our family. We need God’s protection, provision, perseverance, and power to live this life for the glory of His name.

God loves to answer your prayers in powerful ways. Your prayers are essential and precious to us.

Top Left: This is what Christmas look like in Cameroon! So thankful to have a few days rest with family and friends at the coast of Cameroon!

Top Right: Our family, chilling in the heat of January. So thankful that Abi and Dan could return to their Africa home for a few weeks!

Above left: This wedding day was extra special! The groom left Islam to follow Jesus. Because all of his previous community and family cut him off, we used ministry funds to help ATNA to help them with wedding expenses.

Above right: The woman with the baby recently gave her life to Christ! God used the love of ATNA ladies and miraculous healings to win her to His heart!

Below left: Mercy is a teenager! Friends joined her for a spirited water balloon fight to help celebrate 13 years of life!

Below right: This is also what Christmas looks like in Cameroon! The big snakes get particularly active for a couple of weeks during the dry season. Our Cameroonian workers killed this big Cobra to protect us and to provide some good meat!
